

# BOURG SHEET ROTATOR BSR

Rotating the sheets to avoid productivity losses when going to in line booklet maker (increases productivity by up to 25%).

All dimensions in mm (inches)

The **BSR** handles the output from Xerox DP printers, black and white, high light color and iGen3 full color printers.

It rotates sheets as needed to enable saddle stitching and other booklet making applications on printers that do not have rotator function built in.

## ADVANTAGES

- Compatibility : DP1xx, 41xx, 46xx, DP 180 HLC, iGen3, Nuvera 120, 144, 288,...
- Manual rotate / don't rotate selection.
- Product validated by Xerox and Ricoh.
