# PS800

**The PS800 is the world's fastest pressure sealer and has the capability of processing up to 40,000 single width, auto-fold, cut sheet documents per hour.**

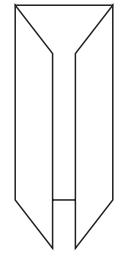

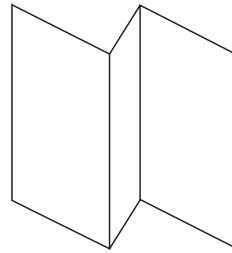

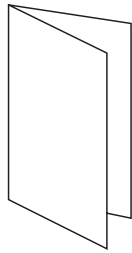

The PS800 system utilises 'state of the art' precision technology, combined with automatic process controls, and is ideal for large capacity users, especially bureau applications.

The PS800 is capable of a high forms handling capacity, from a deep pile feeder mechanism, or alternatively from an air feeder system, ensuring that 4,000 forms can be loaded and processed in one operation.

The Pressure Seal Concept is simple, effective and essential for processing salary and pay advice notices, cheques and remittance forms, tax notifications and pension forms.

The Pressure Seal Group can reduce your costs, improve labour efficiency and ensure document confidentiality.

# PS800

**V-fold**

**Z-fold**

**C-fold**

## Technical Specification
